***FAMILY & SYSTEMIC CONSTELLATIONS***  
**An Experiential Trauma-Sensitive Approach**  
**Five Days in October 2020**

This 5 day training is for those who have taken one or more 16-20 day Family and Systemic Constellations training and want to enhance their facilitator skills, deepen their knowledge of the principles of this work, and continue their personal development.

**Personal Work** will include “in depth student healing” of unresolved personal traumas including shame and inhibited grief, shadow work, systemic entanglements, and softening insecure attachment styles.

The **Facilitator’s Stance** will be enhanced through creating safety, presence, energetic boundaries, pacing, titrating, resourcing, invitational language, gentleness, and nonjudgment.

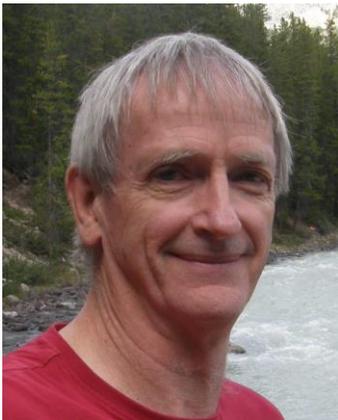

**Facilitation Practice** will focus on building skills and confidence, including ‘not-knowing’ and ‘not-doing,’ having multiple awareness, exploring helping pitfalls and mentoring client sessions.

The training will revisit and expand on an experiential understanding of the **Foundational Principles** of Bert Hellinger’s Orders of Love, Orders of Helping and Levels of Conscience.

We will deepen **Knowledge** of unresolved trauma including survival physiology and developmental trauma, attachment styles, and family dynamics including abortions, miscarriages, parentification, incest, second relationships, blended families and adoptions.
